What is a night school?

A night school is a school where people who were unable to graduate from junior high school or who graduated without being able to go to junior high school can re-study. Foreigners can also attend. Currently, there are no night schools in Gifu Prefecture.

What will we do at the trial session?

The trial lesson will cover material equivalent to that of a first-year junior high school student. Time will also be allocated to discuss evening school and further learning.

Does it cost anything to participate in the trial session?

No money is necessary. There is also no need to bring outside materials.
